

## Loading Audio to the Puppet Master

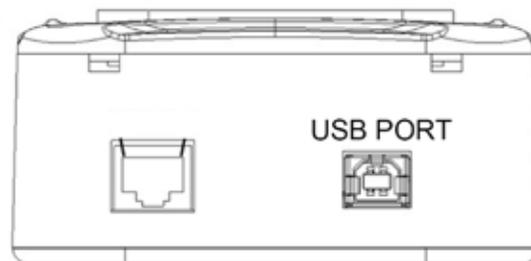

Step 1: DOWNLOAD PUPPET MASTER SOFTWARE AT - [VFXCREATES.COM/DOWNLOADS](http://VFXCREATES.COM/DOWNLOADS)

Step 2: Make Sure your sounds are compatible with the Puppet Master Sound System™. Puppet Master accepts CD quality **16bit, 44.1kHz mono WAV Files**.

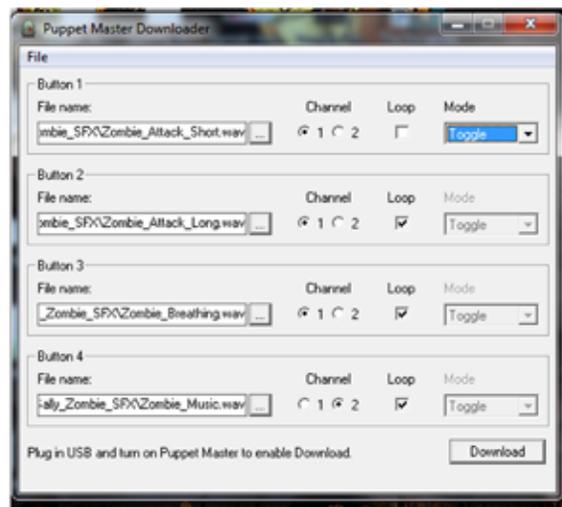

If your files are showing an error when you try to load them to the device, you can download one of our puppet sounds from the download page, open with Audacity (Free Software online) and copy and paste your audio over the file to make sure all the settings are correct, and resave as your new audio file.

Step 3: Connect your Puppet Master to your windows PC with the provided USB cable, switch power to ON.

Step 4: Open Puppet Master Software, select what files you want to be triggered by each button, select which channel you want the sound to play on, if you want it to Loop, and if it does not loop, you can choose if hitting the button for that sound toggles (Starts/Stops) or Restarts that sound. Then hit Download.

### Limited Warranty

This product has been manufactured and tested to the highest quality standard by Robot Monkey Lab, Inc. (Here after listed as VFX). The Limited Warranty offered by VFX covers defects in material or workmanship in new VFX products. This warranty extends to the original purchaser only and is non-transferable. Only consumers purchasing VFX products from authorized VFX retailers or resellers or through the VFX website may obtain coverage under our limited warranties.

VFX warrants this product against defects in material or workmanship as follows:

VFX will replace at no charge for parts only or at its option, replace any product or part of the product that proves defective because of improper workmanship and/or material, under normal installation, use, service, and maintenance. VFX will use commercially reasonable efforts to fix or replace the product within twenty (20) business days after the receipt of the product at an authorized VFX repair center. Actual delivery times may vary depending on the customer location.

Our warranty periods are 1 year from the documented date of delivery from VFX to its end customer.

Our warranties do not cover any problem that is caused by:

- Conditions, malfunctions or damage not resulting from defects in material or workmanship.
- Conditions, malfunctions or damage resulting from normal wear and tear, improper installation, improper maintenance, misuse, abuse, negligence, accident or alteration.
- The use of accessories, connected materials and products or related products not manufactured by VFX.

Our limited warranties are void if a product is returned with removed, damaged or tampered labels or any alterations (including removal of any components or external cover).

VFX will not provide any warranty coverage unless claims are made in compliance with terms of the controlling warranty statement included with your product and you follow proper return procedure. To request warranty service, you will need to provide:

- The sales receipt or other evidence of the date of purchase.
- A description of the problem.

Please send this information to VFX at [info@vfxcreates.com](mailto:info@vfxcreates.com). Only items returned with prior authorization will be serviced. If VFX determines, at its sole discretion, that the allegedly defective item is not covered by the terms of the warranty provided hereunder or that a warranty claim is made after the warranty period, the cost of repair by VFX including all shipping expenses, shall be paid by customer. Domestic return shipment will be covered by VFX for all repaired items. International return shipment fees shall be born by the owner of the product.
